

## Data Sheet

HTR 45D

**HTR 45D****Digital Superficial Rockwell Hardness Tester**

- > Digital Superficial Rockwell Hardness Tester with high resolution large screen. Control system allows the display and set the present scale, test force, test indenter, dwell time and hardness conversion;
- > Main functions: Superficial Rockwell scales selection; conversion scales; data save and print out, automatic calculation of maximum, minimum and average value.

**Application**

- > Surface quenched steel, surface heat treating and chemical treating materials, copper alloy, aluminum alloy, sheet, zinc, chrome and tin layers, bearing steel and cold and hard casting etc.

**Reference standard**

- > ISO 6508, ASTM E 18, JIS Z2245

**Superficial Rockwell**

| Hardness scale | Standard block hardness range | Displayed value allowed tolerance | Displayed value allowed repeatability |  |
|----------------|-------------------------------|-----------------------------------|---------------------------------------|--|
| HR15N          | 70~77 HR15N                   | ±2 HR15N                          | ≤0.04 (100-H) or 1.2 Rockwell unit*   |  |
|                | 78~88 HR15N                   |                                   |                                       |  |
|                | 89~91 HR15N                   |                                   |                                       |  |
| HR30N          | 42~54 HR30N                   | ±2 HR30N                          |                                       |  |
|                | 55~73 HR30N                   |                                   |                                       |  |
|                | 74~80 HR30N                   |                                   |                                       |  |
| HR45N          | 20~31 HR45N                   | ±2 HR45N                          |                                       |  |
|                | 32~61 HR45N                   |                                   |                                       |  |
|                | 63~70 HR45N                   |                                   |                                       |  |
| HR15T          | 73~80 HR15T                   | ±3 HR15T                          | ≤0.06 (100-H) or 2.4 Rockwell unit*   |  |
|                | 81~87 HR15T                   |                                   |                                       |  |
